

**S9™ VPAP™ Tx
Lab System**

RSVP

The ResMed Sleep and Ventilation Program offers premium equipment for sleep apnea therapy and the tools you need to help you manage your sleep lab business.

The RSVP provides your lab with access to:

- Discounts on clinical equipment rentals, humidifiers and accessories
- Discounts on full face masks, nasal masks and nasal pillows
- Complimentary training programs
- Free listing on ResMed's online Sleep Center Locator for qualified labs (registration required)
- Benchmarking data through the ResMed Sleep Market Panel (registration required)

Clinical equipment rentals

ApneaLink: Simple, fast and easy to use. ResMed's premier home sleep testing device is the easy choice in OSA diagnosis.

S9 VPAP Tx Lab System: Our award-winning, all-in-one sleep lab system provides titration results you can rely on—patient after patient—across the full range of sleep disorders, compatible with all top PSG systems.

Installation: All S9 VPAP Tx Lab Systems come with our exclusive "white glove" service and 24/7 technical support to ensure a smooth transition to efficient, consistent results.

Masks

ResMed's industry-leading line of masks includes full face masks, nasal masks and nasal pillows systems. Each mask is designed to meet the specific needs and preferences of each patient, as well as save valuable time and resources for sleep professionals. In addition, our masks are approved for multi-patient use, giving you maximum value for your investment.

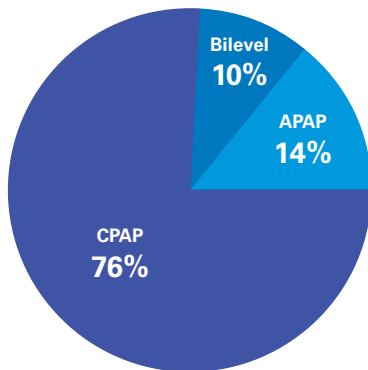

Educational training programs

In keeping with ResMed's goal to increase awareness of sleep disordered breathing (SDB), we offer several educational training programs to assist in training your technical staff on the diagnosis, treatment and management of patients with SDB. CEU-approved educational modules present information to enhance your understanding of therapeutic options available for patients diagnosed with various types of SDB.

In addition, ResMed offers free mask-fitting workshops. Correct mask selection and sizing are critical for long-term patient compliance. Ask your ResMed representative for more information on our comprehensive suite of educational training programs.

ResMed Sleep Market Panel

As another benefit of the RSVP, we are offering participation in the ResMed Sleep Market Panel. All sleep lab panel participants receive monthly market trend reports that provide benchmark measures on how their lab compares to other labs across the US. It simply requires participating labs to report monthly on a few metrics related to the volume of sleep testing at their facilities. All data collected from each sleep lab is kept confidential and used solely to develop aggregated market trend reports. To sign up for the Sleep Market Panel, or to request more information, send an email to

Sleep.MarketPanel@ResMed.com.

ResMed Sleep Center Locator

The ResMed Sleep Center Locator is available to qualified RSVP members. This online tool, available at ResMed.com and WakeUpToSleep.com, enables undiagnosed patients to find a ResMed-preferred sleep lab partner near their work or home. Request to have your sleep lab added to ResMed's Sleep Center Locator today by visiting ResMedSleepLabLocator.com.

[If you are interested in additional information on the RSVP, contact your local ResMed representative.](#)
